

Creative Stitchers

Creative Stitchers is a group of Carriage Manor residents with an interest in sewing and needlework. The Sewing Room has great equipment that members are able to use. Weekly meetings are held and decisions are made to find out what skills everyone would like to learn and which members will teach.

Each year the calendar fills up with fun and interesting classes. The group will work on projects for themselves and others while enjoying the social involvement.

One day a week, the sewing room is used by Comfort Makers who put together such items as comforters, lap robes, baby quilts, stuffed toys, caps and pillows for community charities.

From novice to advanced quilter, members will achieve a blend of interest and experience that will benefit anyone.
